Cellolocator™ CelloTrack Catalog

NAME	DESCRIPTION	PICTURE	
<p>Cellolocator™ CelloTrack</p> <p>GE972002-0000</p>	<p>Pointer Telocation's new state-of-the-art asset tracking and management device, the Cellolocator™ Cellotrack, is a standalone device for complete fixed and mobile asset tracking, aimed at asset management, inventory control, loss prevention and freight security.</p> <p>Designed for out-door use, the asset tracker enables service-providers to track trailers, containers and any heavy equipment without constant power source. Its internal battery and advanced current consumption policies enables the CelloTrack with nearly 3 years of operational lifetime before it needs to be recharged.</p> <p>CelloTrack is easily installed and can be programmed over the air as well as via serial cable. CelloTrack's state machine works with a built in motion sensor to switch between wake and sleep state. All this makes it an unrivaled asset tracking solution.</p> <p>Cellolocator™ Cellotrack tailored solutions allows any asset tracking coverage scenario, which leads to financial gains by its advanced ability to track equipment such as: trailers, containers, trains and cargo</p>
